Initial Investments (for new participants): If you do not select specific investments with your provider they will be allocated to a default investment depending on the 403(b) Provider that you select. The default investment is a lifecycle investment that most closely corresponds to your projected retirement date. You can find additional information about these investments, select specific investments for future contributions or change your current account allocations at any time by contacting your selected 403(b) Provider.

Effective Date of Elections: Forms received by your university's benefits department on or before the 10th of the month will be effective during the current month. Forms received after the 10th will become effective starting in the next pay month.

Information Transfer Authorization: Your signature below serves as authorization for the university to provide your 403(b) Provider (see section B) with your personal information necessary for the establishment of a 403(b) account.

Deferral Authorization: I authorize the actions requested above by signing and dating this form. I acknowledge these elections supersede all prior elections. The maximum calendar year salary deferral amount is determined by the IRS via the General Limit (IRC 402(g) - \$22,500 in 2023) and additionally, if applicable, the Age 50 Catch-Up Limit (IRC 414(v) - \$7,500 in 2023). Your annual maximum will change to stay synchronized with any future adjustments to the IRS limit, but your contributions will not exceed the percentage authorized on this form.

Acknowledgement of Responsibilities: The instructions and information on this form, as well as the information in the 403(b) Retirement Plan Decision-Making Guide are an integral part of this agreement and provide essential information for understanding the Oregon Public Universities 403(b) Plan. I will ensure that contributions are limited so as not to cause a maximum limits violation if other outside 403(b) plans are aggregated.

$$\text{\$} \qquad \div \qquad \text{\$} \qquad = \qquad \%$$

Q: I know the percentage of pay that I would like to contribute, but how much will that be annually?

A: $\text{Contribution Percentage} \times \text{Gross Annual Pay} = \text{Annual Contribution Dollar Amount}$:
