## TDI Annual Eligibility Notice – 2019

In addition to your employer-funded PERS or ORP account, non-student employees may save additional amounts for retirement through the voluntary, tax-advantaged retirement savings plan, called the Oregon public universities Tax-Deferred Investment 403(b) Plan or "TDI".

What is the TDI Plan? This voluntary retirement savings plan allows you to set aside some of your current salary as savings for your retirement. Contributions are before-tax deferrals that reduce your current taxable income this year or after-tax Roth contributions that offer tax-free growth of investment returns. Two different investment menus offered through TIAA and Fidelity Investments allow you to invest through a selection of high-quality, low-cost investment options. Retirement planning education and assistance is available through both companies to help you select and direct your investments.

Fidelity's online workshop - Get Started and Save for Your Future

(This link will take you to the Fidelity presentation.)

TIAA's online workshop - Just Starting Out: New to TIAA or New to Investing

(This link will take you to the TIAA presentation.)

**How can I start contributing?** Begin contributing to the TDI by completing a Salary Reduction Agreement (SRA) and returning the form to the campus benefits office. The form is available online <a href="here">here</a> (best viewed in Internet Explorer).

Contact your benefits office for a paper form. Your contributions start at the beginning of the month after you enroll in the TDI plan.

You may select specific mutual funds and annuities for your account at the time you establish your TDI account through Fidelity or TIAA, or you may use the "default" funds for your initial investment.

Information about online enrollment, investment options, and retirement planning topics can be found on Fidelity's <a href="http://www.netbenefits.com/opurp">http://www.netbenefits.com/opurp</a> and TIAA's <a href="https://www.tiaa.org/public/tcm/opurp/retirement-benefits/plan2">https://www.tiaa.org/public/tcm/opurp/retirement-benefits/plan2</a> websites for the Tax Deferred Investment Plan (TDI). Your investment selections can be changed at any time through these websites.

**How much may I contribute?** You can start a 403(b) account by contributing as little as 1% (at least \$25) of your pay every month. The IRS maximum annual contribution for 2019 is \$19,000 and employees 50 years of age or older may contribute an additional \$6,000 per year.

What if I am already participating in the Plan? If you would like to increase the amount of your deferrals or change the types of deferrals that you are making (Pre-tax or Roth), please submit a new <u>SRA Form</u> to your institution's benefits office.

Where can I find more information about this plan? This is a brief overview of the TDI plan, but much more information is available online at <a href="https://www.opurp.org/tdi-403b-plan">https://www.opurp.org/tdi-403b-plan</a>. Oregon Public Universities Retirement Plans sponsor one-on-one consultations with Fidelity and TIAA Retirement Counselors. These meetings - whether face-to-face or over the phone - are free of charge. Schedule an introductory meeting online with Fidelity or TIAA. <a href="https://www.opurp.org/tdi-403b-plan">https://www.opurp.org/tdi-403b-plan</a>.
